Technical drawing of a reinforced concrete cross-section of a bridge pier. The drawing shows a vertical pier with a horizontal base. The pier has a width of 30 units at the base and 16 units at the top. The base has a height of 100 units. The pier is reinforced with longitudinal bars (K 10-25, K 10-30, K 12-20) and transverse bars (K 8-25, K 8-30). The base is reinforced with K 8-25 bars (L=125) and K 8-30 bars (KFOSS). The drawing includes dimensions and reinforcement details.
